

## **EXAMPLE SAFETY INSPECTION CHECKLISTS**

1. The Appendices to this Annex contain examples of sample safety inspection checklists which may be used by personnel involved in conducting safety inspections. Further checklists may be obtained from the Base General Safety Officer. Line officers, managers, supervisors, safety committees and others involved in conducting safety inspections of specific workplaces should tailor and design their own checklists to meet the specific needs of their particular worksite.
2. The sample safety inspection checklists are as follows:
  - a. **Appendix I:** Industrial Work Area Checklist;
  - b. **Appendix II:** Office Inspection Checklist;
  - c. **Appendix III:** Ship Inspection Checklist;
  - d. **Appendix IV:** General Conditions and Facilities Checklist;
  - e. **Appendix V:** Materials and Tools Inspection Checklist;
  - f. **Appendix VI:** Equipment Inspection Checklist;
  - g. **Appendix VII:** Protection, Prevention and Emergency Devices Checklist;
  - h. **Appendix VIII:** Field Safety Checklists; and
  - i. **Appendix IX:** Air Environment Safety Checklist.
